Hi, I'm Kaori Esperanza. I was a friend of "FuwafaVT" and I'm here to expose him and his actions that most of you don't know about. The person you know as "Fuwafa" or "FuwafaVT" is actually "Nekoyorisou", who was a famous 'femboy' back in 2019 with almost 200k followers on Tiktok, til he got banned for a racist post where he endorsed the white supremacy (video here: <https://youtu.be/ESLiARpLqy4>). Along this document I'll prove he was Nekoyorisou and the terrible things he did (which involves what the CW/TW says above).

He also got exposed back in the day for things like: transphobia, grooming and also racism as I said before. If you search "Nekoyorisou" on Google you will find most of the things that I will mention here, however I'll show new information here since I had a conversation recently with him and you will be shocked by his response. Also I wanna state that I will be updating this document with any new information I get, my Discord is "kaoriesperanza" if you wanna send me anything you know about. Thanks in advice.

Fuwafa and I met at the beginning of this year, 2023. I somehow ended up watching one of his Twitch streams and since that day we started to talk. He followed me on social media as well as on Twitch and added me on Discord and Snapchat (at the time he barely had any followers, this changed when he started to post 'femboy' pics on Twitter). We were good friends til a few days ago when I said to him that I saw some comments in the hidden replies of his tweets revealing his old TikTok account with the name "Nekoyorisou", usually saying things like "You thought you could hide?":

(He putted these replies in "hidden replies" but deleted the tweet when I talked to him of this. You can still see them if you search "Nekoyorisou" on Twitter.)

I did my research before reaching him out and collected many evidence that proves that those comments were saying the truth, Fuwafa is Nekoyorisou, however he replied in a defensive way and denied everything, saying "it could be anyone else" when I showed him a screenshot from one of his old TikTok videos where it was crystal clear that it was him. The video has the same background, same skin tone, same hair and even same clothes as he shows in his new Twitter account "@fuwafavt" so obviously it is the same person.

screenshot u see i sent to him in the chat:

He denying everything:

Then he says I'm being hostile, why that necessity to manipulate? Maybe you're trying to hide something? Mhh...

If I put every single screenshot here it would be way too long, but you can see the whole conversation in this video: <https://youtu.be/66zyjdfSiLc>

To resume, he tried to deny everything, use manipulation against me and put weak arguments over the table that I will prove here why all he says is stupid, then I'll show you all what I found of his old TikTok account.

First of all, things that proves he is Nekoyorisou:

1 - His YouTube Channel.

If you go to this website

(https://mx-tik.ixspy.com/influencers/detail/6991633195264640005_nekoyorisou) you'll see information of his old profile named Nekoyorisou, where it's linked some of his socials of that time. One of those links is his YouTube channel

(<https://www.youtube.com/channel/UC1t1dQ2duzX3O8FSmjTJhiw>) if you click it you will be redirected to it and the name of the channel you'll see is "Fuwafa", which is the same channel linked on his Twitch (<https://www.twitch.tv/fuwafavt>). If you go to the Wayback Machine

(<https://web.archive.org/web/20220811064746/https://www.youtube.com/channel/UC1t1dQ2duzX3O8FSmjTJhiw>) you'll see that is the same url of "Fuwafa" channel but the channel name it shows is "Nekoyorisou", so when he got canceled and then came back after some time, he just changed the name of the YouTube channel (instead of deleting it and creating a new one lol) thinking no one would notice LMAO.

(Wayback machine archive of his Twitch channel so you can see his YouTube channel linked even if he change it:

2 - Photos and such.

Compare on your own and tell me if it's not the same person.

Similarities:

Same rugged floor, same background, same natural illumination coming from the window, same color of the floor and walls, same fluffy afro hair, same skin tone, and also a blahaj that you can see in some of the pics he often posts on his Twitter nowadays.

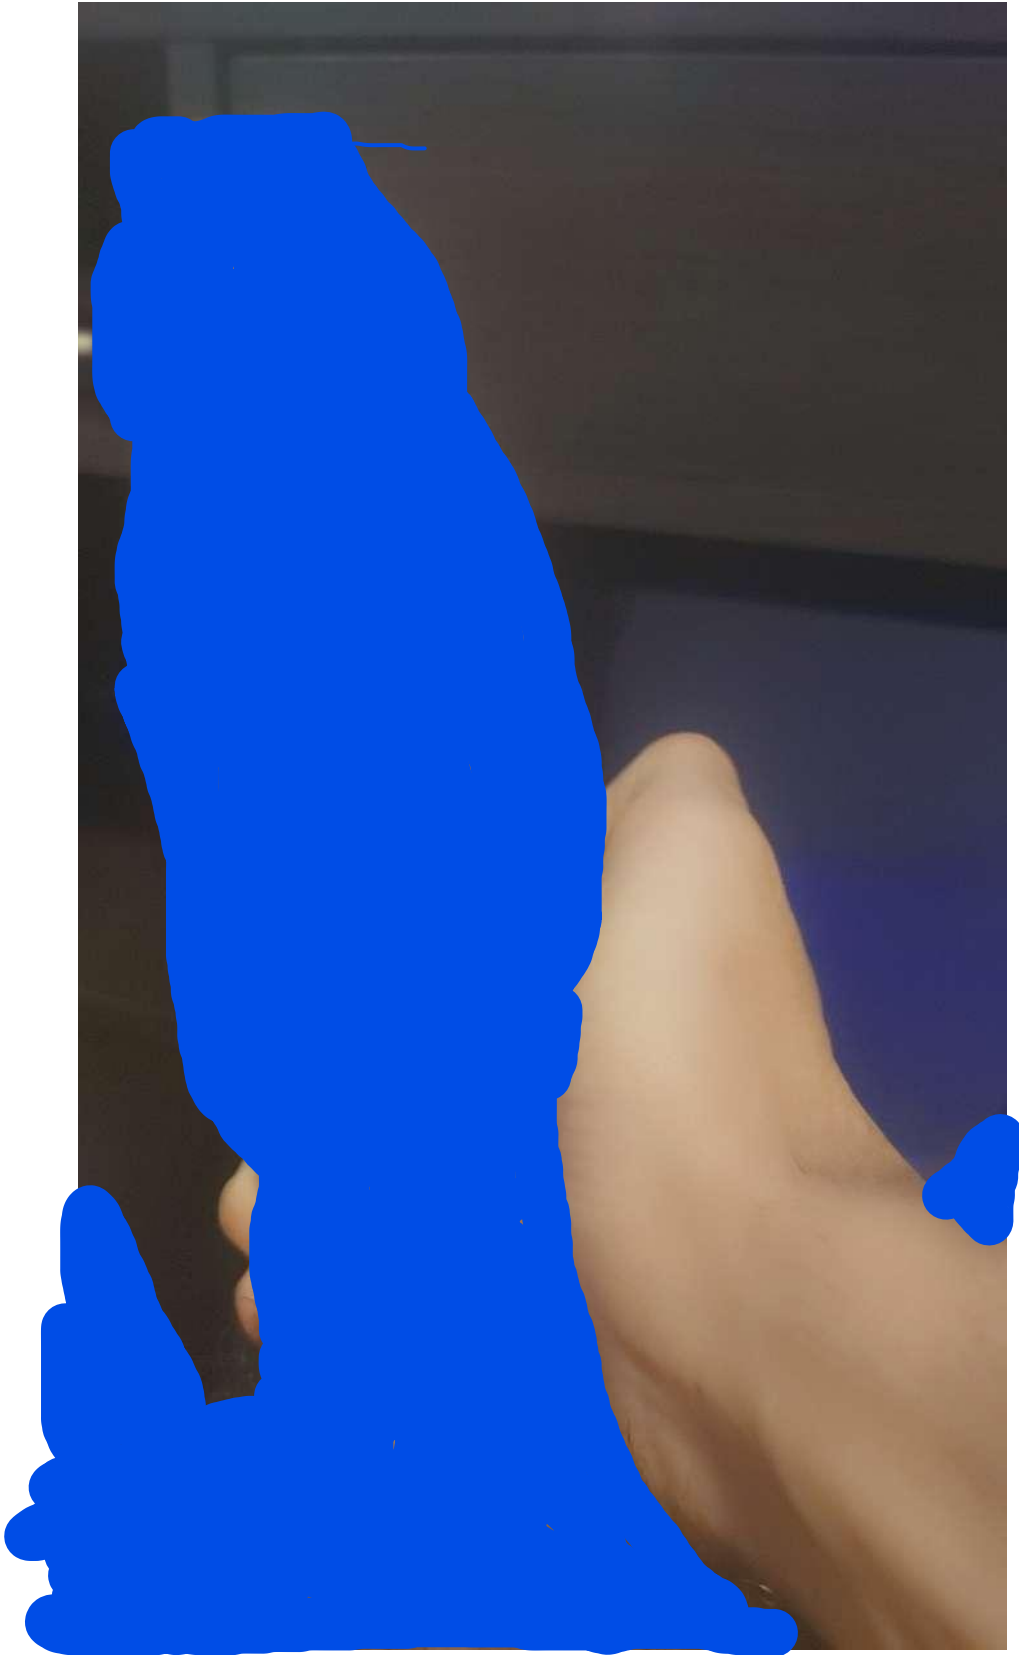

Now I wanna point out how he is a liar and a person that feels very uncanny. You already saw in our chat that I sent him an image of his old TikTok where it's crystal clear it is him but he replied with "that could be anyone else", and I already showed you how it's the same person in both pictures. Well, when we were still friends I was already suspecting he could be a liar, or at least intentionally not telling me and his followers some things, because there was a time we had 'sex call/e-sex' and other times we chatted in a sexual way and he always acted like a 'top' but in his Twitter he always only acted like a bottom, and he never stated he's a 'switch' (update: he tweeted this AFTER our talk <https://web.archive.org/web/20230717171218/https://twitter.com/fuwafavt/status/1680678448400936960>), and I think I don't need to tell you that acting like a bottom online it attracts way more attention than being a top.

I would show you his messages saying how he would top me but he deleted it (later in this document you'll see he recognized that he deleted a lot of his messages) however if you read the chat you can notice how I'm replying "i hope it does >w<" to something he said that it's not there anymore, so it proves that he deleted the messages where he acted like a top (this was maybe a stupid attempt from him of trying to hide the evidence that he's a top and is lying publicly about being a bottom to gain more followers)

Pics he sent to me in one of those 'sex chats' we had (dic pic alert)

He acts like a bottom publicly, why would a bottom show this instead of, i don't know, his butt maybe? Lying to gain followers probably...

Here's a reuploaded video of his old tiktok of him doing pull ups, then some photos taken from his new "fuwafavt" Twitter account and tell me if it could be anyone else lmfao.

-Photos from his new “fuwafavt” Twitter account: (gdocs crop sucks, scroll many pages down bla bla)

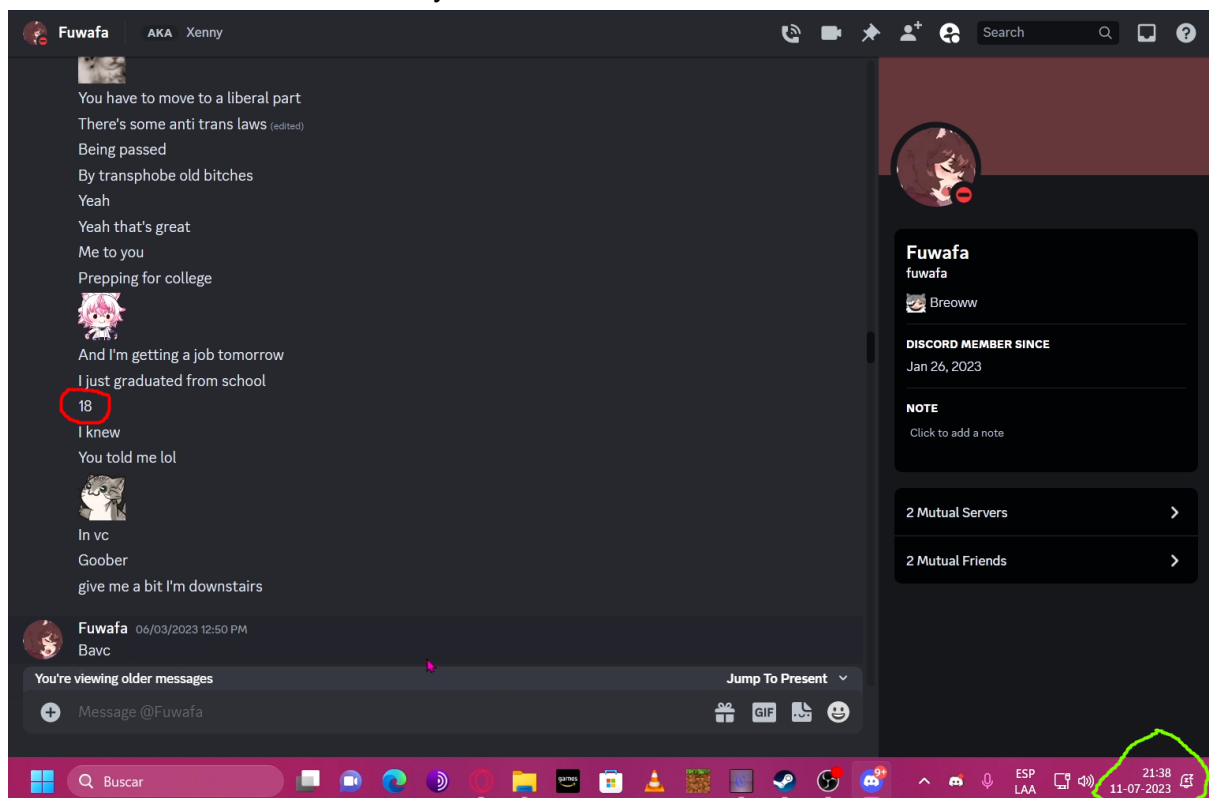

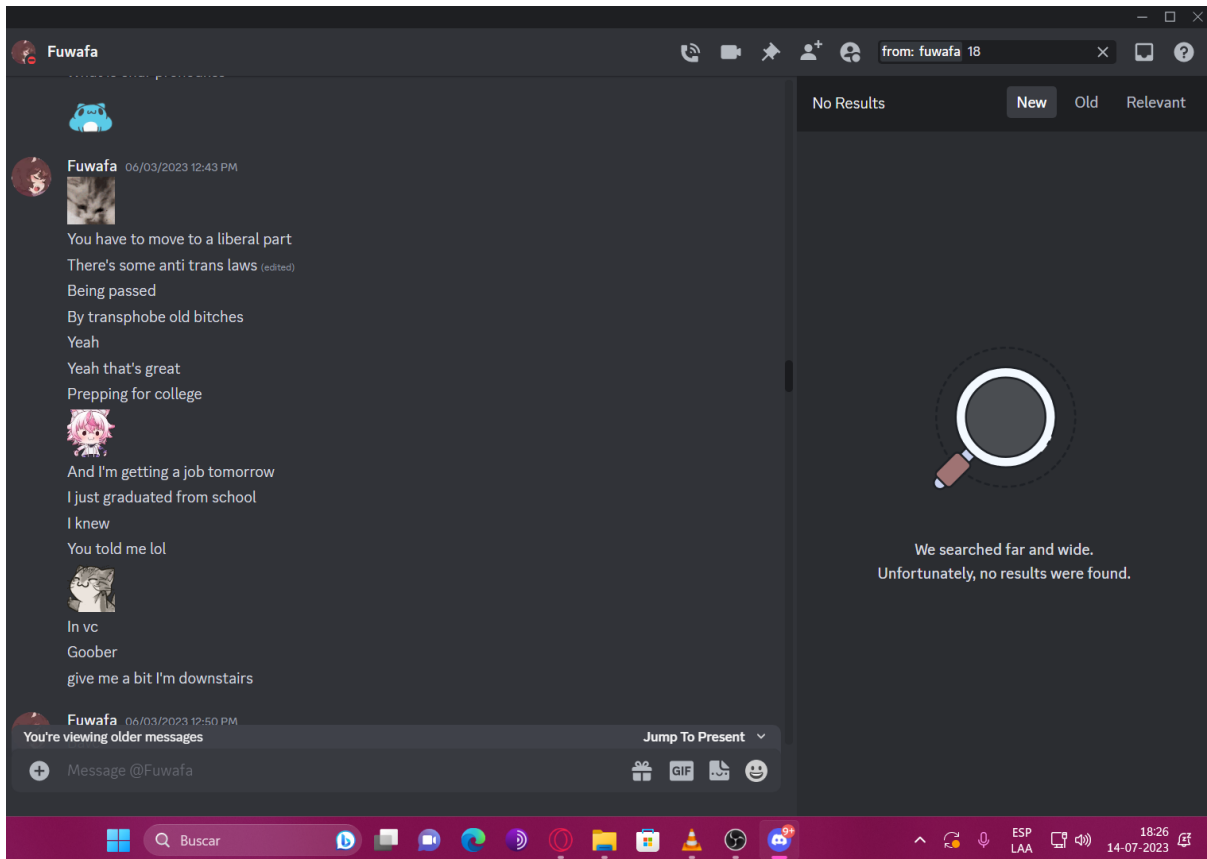

The next one is in a very low resolution but you can see that the phone case it's the same, and also the muscular body so just couldn't be anyone else.

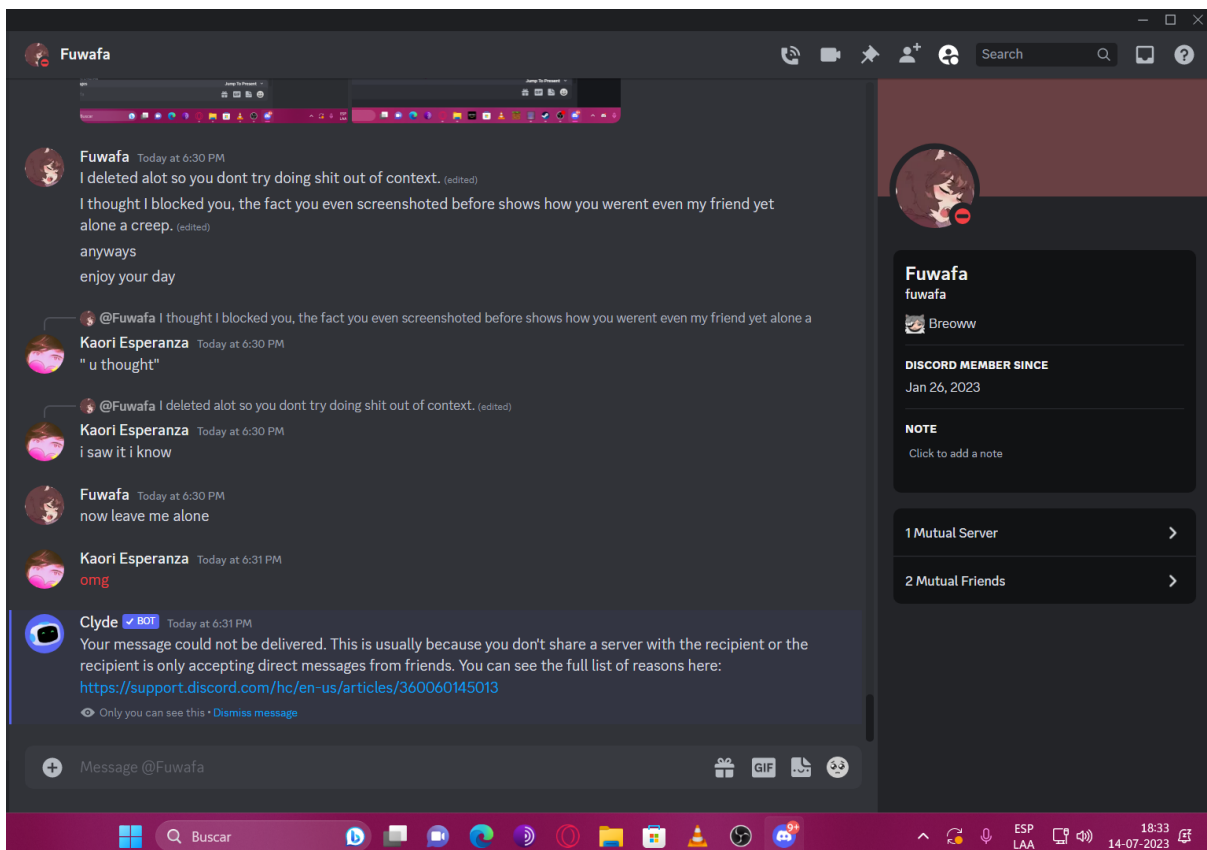

'Fuwafa' said to me that he is 18 years old

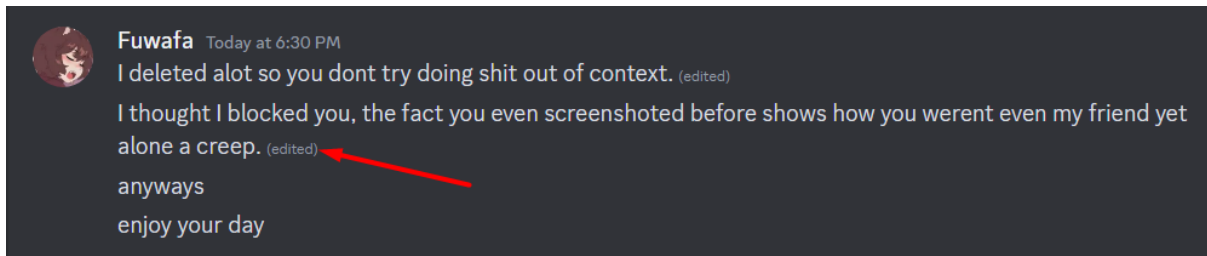

however he deleted it today (14 July 2023)

He recognized he deleted it. He says he did it so "I can't get things out of context" but it's obviously because he's trying to hide any proof of anything that could turn against him. screenshot:

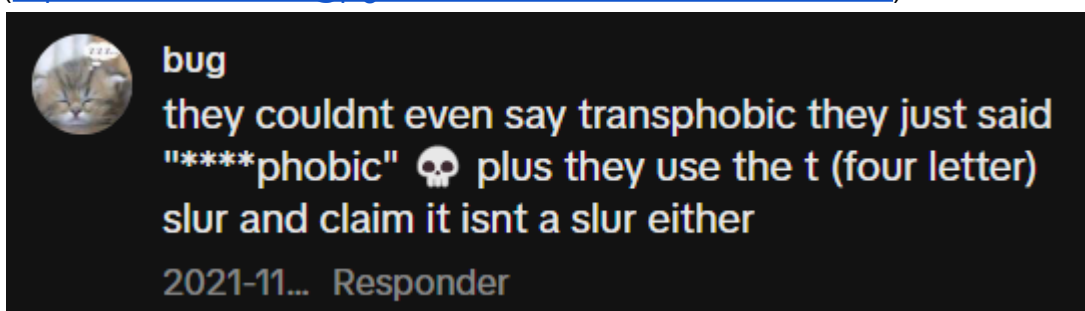

video of the same chat where u can see he deleted one of his messages, prolly with the intention of paint me as a bad person lol: <https://youtu.be/TEaTlkdTrv0>
-update: he edited another message

I know someone would say "Maybe it's not Nekoyorisou, just stealing old photos" however he recently uploaded this video (<https://youtu.be/EpGY7Oj3IK0>) where you can see HE IS Nekoyorisou and he is still active to this date, just with another name.

-another update: the past days he sometimes unblock me just to insult me and trying to lower down my feelings in an attempt of making me not wanna expose him (see: <https://youtu.be/qpTQnfMEyhM>), and he knows I'm very sensitive and that I was already suffering from depression and other things but it seems he doesn't care to be a bully to me if it's for silence me. However, I will still do my best to finish this document and post it.

So ok, enough of talking about my relation with him, let's talk about his past, the things he did. Nekoyorisou was a famous femboy on TikTok a few years ago (between 2019-2021 from what I've seen). He reached almost 200k followers and then he got banned for the video I showed you at the beginning of this document, where he endorsed racism and white supremacy, and also changed his profile picture to the 'southern flag'. The community was very upset towards him for many other things too, like sexualizing himself while he was still a minor (https://www.reddit.com/r/feminineboys/comments/wrvlzf/something_i_hate/), grooming other minors after he became 18 years old (video calling him out for that: <https://www.tiktok.com/@femboyfanpagemko/video/7245833275225197851>), using transphobic slurs and then claiming that "it wasn't a slur" (<https://www.tiktok.com/@pigsonvideo/video/7032355362581777669>)

someone will ask why it's transphobic so here u have: *gdoc crop thing, scroll down..

When he got called out for all those things and got banned on Tiktok he just deleted all of his other social media accounts, then created new ones by the name "Fuwafa" or "FuwafaVT" in some cases and started to streaming with a 'vtuber' format so he don't have to show his face and can't be found. However, at some point he started to post some pics through his Twitter showing himself so people started to recognize him again, realizing he is Nekoyorisou just with another name.

I think this is everything I have to say by now until I get more information. I wanna state that I didn't wanted to expose Fuwafa at the beginning, but since he didn't trust me and was unloyal to me it just triggered me and I had no other choice. If you don't trust your friends you can expect some backfire, you know?. Writing all of this was a nightmare, many people left me, and I just want everything to end, so I hope I don't have to continue over this topic, cause honestly it has been fucking up my mental health.
